This is just an idea for you.

To get started we would need:

Pick a Web Site Name ~ you need to pick a host site for your new site.
I will help you with this if you need assistance. I can suggest several sites that are free or for a small monthly fee. Your web provider may already offer you webspace.

Web Site Payment ~ After we agree on what your needs are on your web site, I request 50% of your web design fee as a down payment. This fee is non-refundable. This is required before your website is started. After completion and your approval of your web site, the remaining 50% is due within 2 weeks of completion.

Payments can be sent via PayPal to: dif50@aol.com or

Sending in Your Pictures & Descriptions ~ There are 3 ways that you can send in your pictures and descriptions to us. You can send your pictures via email or mail. Your descriptions can be sent via email or in a Word Document on CD along with your pictures. Your descriptions must be in file form so that we can copy and paste the information into your Web Site.

1. The preferred method is via Email. You need to send your pictures in individual emails with the title in the Subject Line. In the Body of the Email, please include your description along with price and any other information needed.

2. You can send in your pictures via Mail on a CD. Please include a Word Document that contains your description along with price and any other information needed. Please include the file name in with each description so that the correct picture can be matched up with the correct description.

3. You can send in your pictures via Mail and have DifDesigns scan them. Label each picture with title and/or item number. Please write on a sticker then place it on the photograph. This way the impression will not show through. Please send your description in a Word Document or via Email that contains your description along with price and any other information needed.

(I charge a small fee of \$1.00 per scan. This can be sent along with your pictures or payment can be made via PayPal. Please include an additional \$3.00 if you would like to your pictures sent back to you. You can also have me copy your pictures onto a CD for you for a fee of \$10.00 and mail it back to you along with your pictures.

Payments for Scanning can be sent via PayPal to: dif50@aol.com or
